

ON THE LEVEL

Welcome to Hennessy Construction's new newsletter. We hope you like the new design, new format and new way of sharing current company information.

In each edition, you'll get company announcements, current and upcoming project information from pre-construction and operations, as well as employee related news and goings on.

In this issue you'll find all the data you need to know (and then some) about our 22nd Annual Kingfish Tournament.

THANK YOU to all who participated and to those who volunteered. We couldn't do it without all of you.

Also in this issue, pre-construction and operations provided the projects they are currently working on and upcoming projects.

Each newsletter will be posted on our website and Facebook page.

We welcome your ideas & feedback as our newsletter grows.
