Foreman's Signature _____

Date: _____

Hennessy Construction is committed to safety and has developed these minimum procedures to protect you and your fellow workers from injuries. Please observe the following safety rules at all times.

1. Report any accidents/incidents immediately to Hennessy's site Superintendent.
2. This is a drug-free work site. Zero tolerance
3. Work place violence. Zero tolerance
4. Report any safety hazards immediately to your foreman and Hennessy's site superintendent immediately.
5. **No job-site visitors allowed in work area.**
6. All workers must wear:
 - a. hard hats
 - b. foot wear that meets construction standards
 - c. shirts, with sleeves - no tank tops (no vulgar language on clothing)
 - d. personal protective equipment appropriate for job that's being performed
7. **Never remove any guardrail systems.** See site Superintendent.
8. No radios are allowed on jobsite.
9. Do not remove or bypass guards on any machinery.
10. You are responsible for keeping your work area clean of construction debris and food item wrappers. Dispose of trash daily.
11. See your immediate supervisor if you need additional equipment or instruction to get the job done safely.
12. Electrical hazards: Inspect your equipment regularly, especially power cords for exposed conductors and missing ground pins.
13. Completely install all scaffolding components. Competent person must supervise.
14. These are minimum safety guidelines. Hennessy will do its part to maintain a safe work site. However, we must depend on you to work safely, and to follow OSHA, your Company, & manufacturers' equipment safety procedures.
15. Safety violations: 1st - Verbal (written); 2nd - Written/your Company notified; 3rd - Probably site dismissal
16. It is the responsibility of each subcontractor's foreman to ensure that all new arrivals at this site are briefed on jobsite safety rules and that they sign this site agreement.
17. Sign on back of this page.
